

OUTLET FLANGE DETAIL

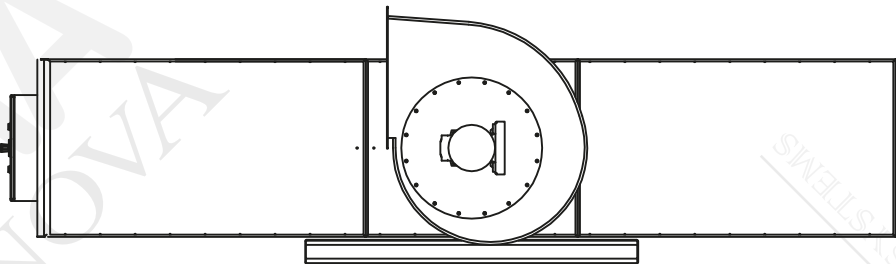

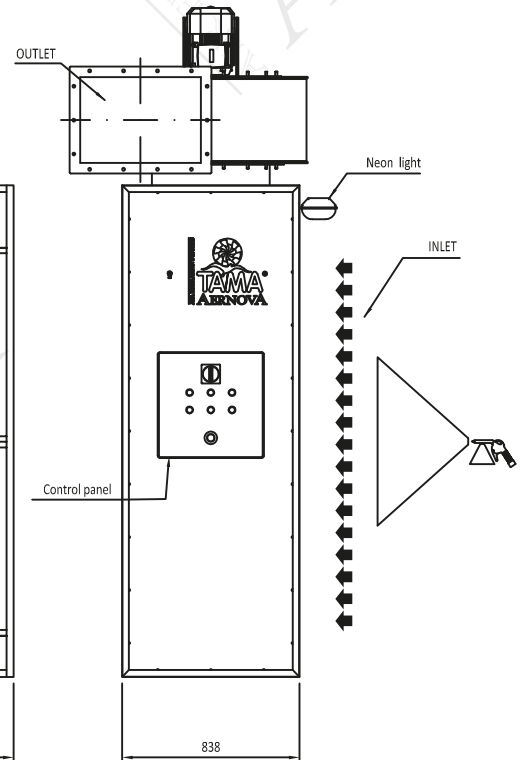

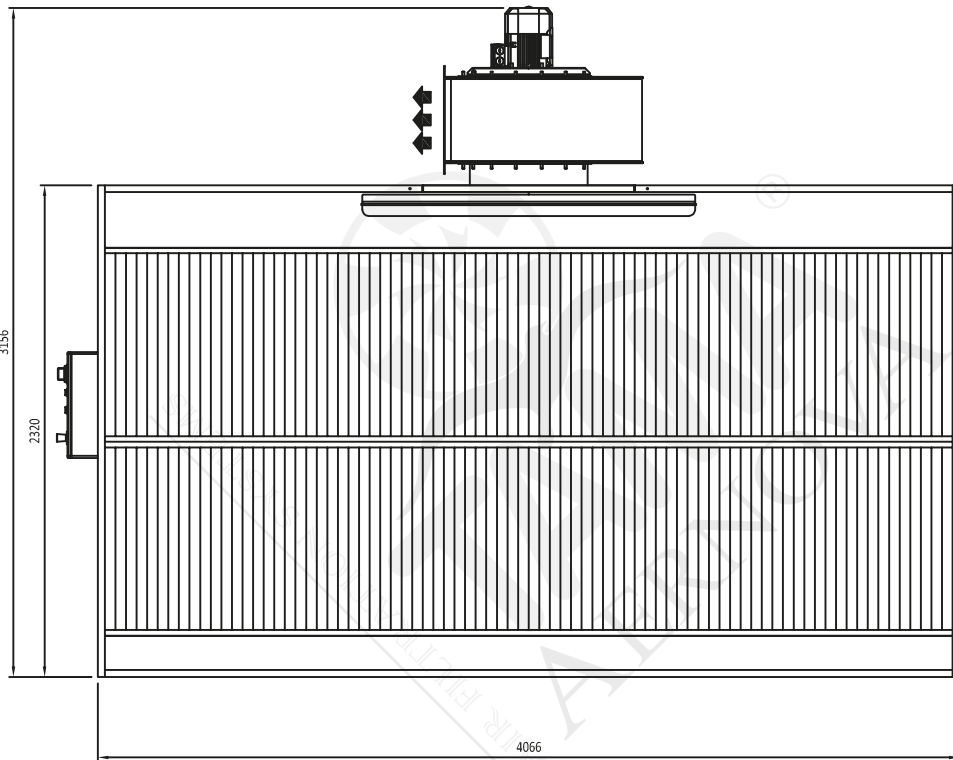

| TECHNICAL SPECIFICATIONS    |                     |        |
|-----------------------------|---------------------|--------|
| ITEM CODE                   | TAMADRY 8000        |        |
| First filtering stage       | paper fiber         |        |
| Second filtering stage      | glass fiber filter  |        |
| Working Temperature         | °C                  | 5<T<40 |
| Electric feeding            | 230/400 V - 50/60Hz |        |
| Weight                      | kg                  | 475    |
| PERFORMANCE CHARACTERISTICS |                     |        |
| Nominal air flow            | m <sup>3</sup> /h   | 8000   |
| Nominal fan power           | kW                  | 2.2    |
